About the Museum

Contemporary Arts Museum Houston (CAMH) presents extraordinary, thought-provoking arts programming and exhibitions to educate and inspire audiences nationally and internationally.

Established in 1948, CAMH is one of the oldest non-collecting contemporary art museums in the country, and is internationally known for presenting pivotal and landmark work by artists recognized as the most important of the 20th and 21st centuries. CAMH's mandate is to be present, to connect artists and audiences through the urgent issues of our time, and to adventurously promote the catalytic possibilities of contemporary art. CAMH's programming, both in and beyond the Museum, is presented free to the public, and advocates for artists' essential role in society.
