We loved having you visit us. Hope to see you again soon!

# Art's secret message

Imagine every artwork has a hidden message.

Choose one and solve its secret.

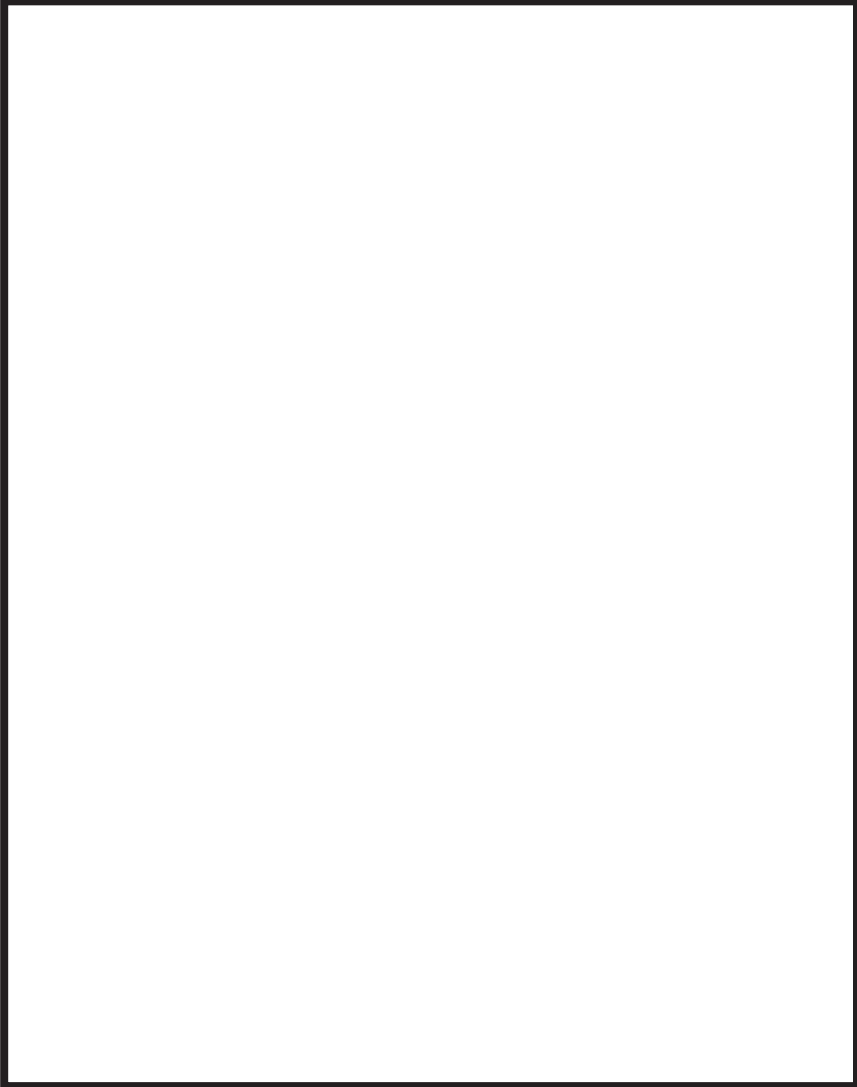

Share your findings in words or drawings.

# **Doodle Break**

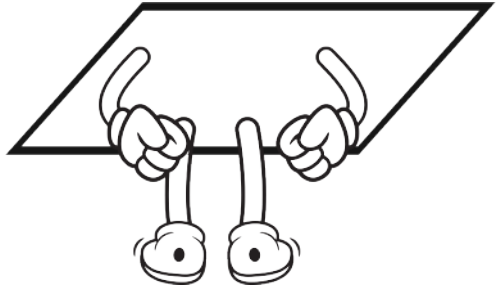

# Draw a Map

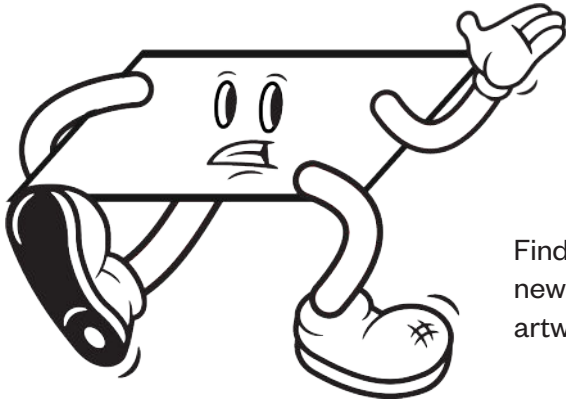

Include your route through the Museum, and your favorite spots for someone else to visit or avoid.

# Textures

Observe different artworks and note down the textures you perceive (without touching). From smooth to rugged, shiny or rough, which texture intrigues you the most?

# Reinvent the Wheel

Find the artwork labels and write new titles for three pieces of artwork that interest you.

# **Doodle Break**

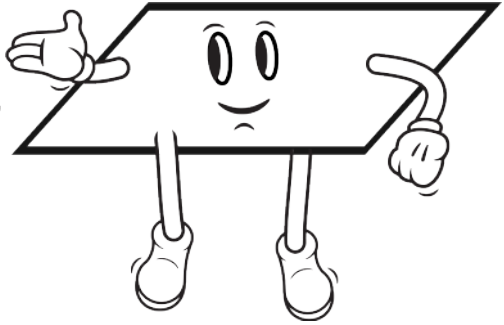

# Flashback Moment

Spot an artwork that feels 'retro or old-fashioned' to you.  
What does it remind you of from the past?

**Stand or sit in one spot. Make a list of everything you see, hear, or smell.**

# Art in Motion

Find artwork that looks like it's moving, either running, dancing, walking, or swaying.  
If this artwork could move, how would it?

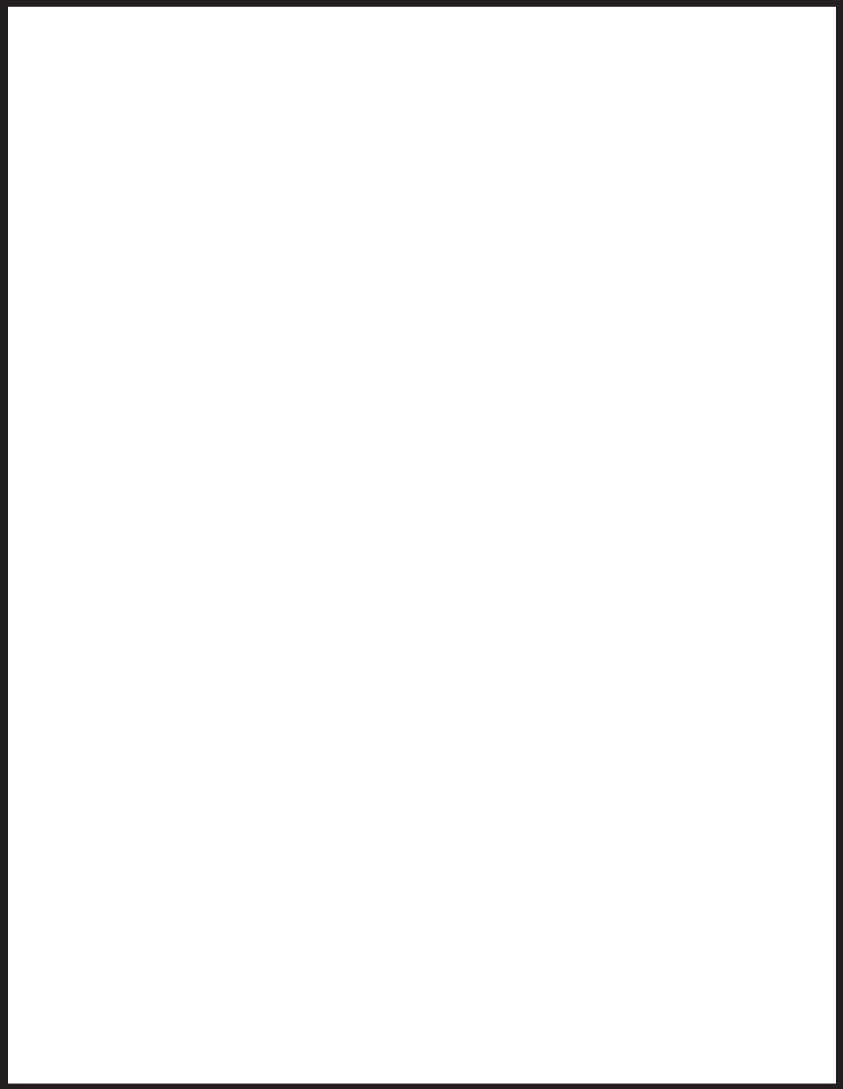

# Perspective Shift

Stand in one spot.

CAMH was founded in 1948.

Imagine how the museum might have looked 75 years ago?

What types of artwork might have been hung in 1948?

**How are your imagined titles different from the titles chosen by the artist?**
